WHAT IS THE FISL?

- Macro-cultural event held every year since 2008 in the State of Nuevo León, within the framework of festivities of the founding of the City of Monterrey.
- It is a window to the world offering artistic shows, dialogues, exhibitions, cinema and more! where international cultural diversity is experienced in the city itself.
- It takes the arts to the street with outdoor stages, for a 100% family audience, where most of the shows are accessible and inclusive, that impact and inspire people.
- Boost what is ours with a platform for local and national artistic talent and with a Northeast gastronomy contest.
- Among its objectives is to position itself as one of the most important cultural events in Latin America.
